School-Wide Process for Responding to Student Needs

Before beginning to collect data, first establish...
- Outcomes
- Screening measures
- Progress monitoring measures
- Decision rules and protocols
- Interventions and Additional Challenges

Then, at the start of each school year...
- Plan Logistics

Multiple times throughout each school year...
- Screen students and organize data
- Review data and set goals
- Match Supports to Needs
- Dig Deeper
- Monitor Progress and Adjust Accordingly

At least annually...
- Evaluate and Refine the Process
