The session will include a combination of presentation and discussion. Participants will review:

- The components of the SLD rule
- How SLD forms are being used to document eligibility
- Resources available to schools to support implementation of the rule
- The relationship between RtI and SLD and other frequently asked questions

The session will also include a discussion on how schools are implementing the intensive intervention and progress monitoring requirements of the rule including how RtI systems support the implementation of the SLD rule and how schools are monitoring fidelity. Participants will be asked to share specific strategies they have put in place to implement the rule. Please come prepared to share such information. Prior to attending, participants are encouraged to become familiar with the materials posted on the DPI website at <http://www.dpi.wi.gov/sped/ld.html>.
