

PBIS Coaches Networking

Audience: Team members from Tier 1 and Tier 2 including administrators and staff

With an aim to improve and sustain implementation, PBIS Networking provides professional development for Positive Behavioral Interventions and Supports (PBIS) Tier 1 and Tier 2 coaches (internal and external), coordinators, team members, and administrators. Participants will connect with other practitioners, network around successes and barriers to implementation, and refine their skills in supporting action plans, teams, and staff.

Each session will make connections to key features in Wisconsin's Framework for Equitable Multi-Level Systems of Support and the Tiered Fidelity Inventory (TFI) team assessment. Join us!

Session 1

Date: October 29, 2020

Registration: <https://bit.ly/3ejU5tH>

Location: Online
