

TIER 2 VIRTUAL TRAINING SERIES

Outcomes

Learn the six features of secondary/tier 2 interventions and the connection with universal/tier 1

Analyze current interventions and align to the features of secondary/tier 2 interventions

Create a plan for how the team will develop or refine a system of interventions to include:

- check-in check-out (CICO),
- modified CICO,
- social academic instruction groups (SAIGs),
- mentoring and
- brief functional behavior assessment (FBA) and behavior intervention plans (BIP)

Create a plan to train, support and gather feedback from stakeholders including students, staff, families

Practice systems-level discussions and decision-making that include intervention effectiveness, assessment data, and simple modifications to support

Audience

Building leadership team should include administrator (required), general education teachers, special education staff, pupil services staff, and representation from the Tier 1 team

Positive Behavioral Interventions and Supports (PBIS) is a framework and proactive approach for assisting schools and districts to build systems capacity for implementing an equitable multi-level approach to social, emotional, and behavior supports. The broad purpose of PBIS is to improve the effectiveness, efficiency, and equity of schools and other agencies to meet the whole needs of every child.
