

Effective PBIS implementation in high schools leads to improved attendance rates and behavior outcomes (Freeman, J., Simonsen, B., McCoach, D.B., Sugai, G., Lombardi, A., Horner, R. 2015). These sessions are an opportunity for high school practitioners to connect with other high schools and share strategies that work. Resources will also be shared that are specifically geared towards implementation within the high school context. At least one high school will be featured each session to present and discuss a topic of interest.

Objectives

- Identify strategies to adapt PBIS implementation at the high school level
- Discuss current implementation with area practitioners from universal/tier 1 and/or secondary/tier 2 teams

Audience

Internal coaches, team members, or other relevant staff. Administrators are also welcome.
