

Current Tier 2 Intervention Audit

Directions:

- List the tier 2 interventions your school currently has in place in column one of the table below
- For each intervention, check which of the six key system features are explicitly in place (columns one-six) in your school’s current system
- Indicate whether a team monitors the six features and coordinates the intervention (column seven)
- *Remember: For there to be an “increase,” the feature must have a foundation in tier 1*

Tier 2 Intervention	Entrance & Exit Criteria	Increase in Teaching with Opportunities to Practice	Increased Adult Feedback	Increased Home-School Connection	Progress Monitoring	Fidelity	Team Guides & Supports the Intervention Delivery	Revise, sustain, or discontinue implementation?
